

Panashe Sanyanga

BSc Computer Science · Manchester Metropolitan University · Graduating 2027

panashe.sanyanga@hotmail.com · Manchester, UK · [GitHub](#) · [LinkedIn](#) · [Portfolio](#)

PROFILE

Backend-focused Computer Science student, MMU, graduating 2027. Final year starts September 2026. I build systems where money and state have to stay correct under failure. Main project: NovaBank, FastAPI + PostgreSQL double-entry ledger with row locks, idempotent transfers, and pytest on the money path. Seeking graduate backend software engineering roles in London or Manchester from summer 2027.

TECHNICAL SKILLS

Languages: Python, SQL, C#, Java, JavaScript, HTML, CSS

Backend: FastAPI, PostgreSQL, Flask, Flask-SocketIO, SQLite, REST, JWT

Frontend: HTML, CSS, JavaScript

Tooling: Git, Docker Compose, pytest

SELECTED PROJECTS

NovaBank: online banking app

Jun to Jul 2026 · Python · FastAPI · SQLAlchemy · PostgreSQL · [GitHub](#) · [Live demo](#)

- Accounts, transfers, savings pots with round-ups, spending insights, card freeze, admin audit panel
- Double-entry ledger: every transfer writes a balanced debit and credit in one database transaction
- JWT auth, bcrypt password hashing, rate-limited login, masked card numbers, ownership checks on every route
- pytest for the ledger and transfer logic; Docker Compose for local PostgreSQL

ChatWire: real-time messaging

May 2026 · Flask-SocketIO · Python · SQLite · JavaScript · [GitHub](#) · [Live demo](#)

- Auth with bcrypt and signed session tokens; login lockout after repeated failures
- Socket.IO for live messages; cursor pagination on channel history; rate limits on writes
- pytest for message handlers and auth

EXPERIENCE

IT Advisor, Manchester Metropolitan University

2025/26 academic year

- Hardware, software, account, and network support for staff and students
- PC imaging, SCCM software deploy, service-desk tickets

Sales Advisor, Belstaff

2024-2025

- Customer service and sales floor support during peak trading

Supervisor, Origin Kicks

2023-2024

- Staff training on till process; floor supervision and stock accuracy

EDUCATION

BSc (Hons) Computer Science, Manchester Metropolitan University

Sep 2023 - 2027 (expected)

BTEC Level 3 Extended Diploma in Engineering, Milton Keynes College

ADDITIONAL

- Open to software engineering roles starting 2027
- Interests: fitness, live music, cinema
